- Starting Salary: ₹2.2 lakh per year (~₹18,000 per month take-home)
- After transition to HCL payroll: ₹3 lakh per year (~₹25,000 per month minimum)
- Cab facility: Available if you live within 20 km from office

Training & Evaluation

- 4 weeks induction training (online)
- 3 assessments/evaluations during training
- Must clear assessments to proceed to project roles

Key Responsibilities

- Provide first-line technical support and troubleshoot user issues (hardware, software, network)
- Reset passwords, handle routine technical queries, and provide solutions.
- Install, configure, and maintain hardware/software; support client servers (Windows, Linux, UNIX)
- Troubleshoot network connectivity, and work with Cisco routers/switches, LAN/WAN/MAN
- Support Windows Server, UNIX, Mainframe, SharePoint, and Active Directory
- Manage system administration (troubleshooting, maintenance, backup, configuration)
- Ensure technical issues are resolved within set timelines
- Focus on customer satisfaction and professional technical support

Required Skills

- Strong English communication skills
- Good understanding of basic networking concepts and devices (LAN/WAN/MAN, routers, switches)
- Problem-solving and troubleshooting skills (hardware/software)
- Familiarity with Windows, Linux, UNIX environments
- Customer-oriented mindset

Note:

- Initially on Collabera payroll, possible transition to HCL payroll based on performance.
- Cab facility for employees within a 20 km radius.
- Strong emphasis on communication skills and technical basics.
