

SURVEYING LAB (BCEP-303)

Course Outcomes:

1. Learn tacheometry, curve fitting, hydrographic surveying
2. Use latest instruments like EDM, Total station

List of Experiments:

1. Chain Surveying
2. Plane Table Surveying
3. Theodolite Traverse Surveying
4. Leveling / Route Surveying
5. House Setting
6. Setting out a Simple Circular Curve on Field
7. Height Measurement
8. Tacheometry
9. Contouring
10. Global Positioning System
11. Total Station
